(54) DISPLAY CONTROL DEVICE, DISPLAY CONTROL METHOD, AND RECORDING MEDIUM  
HEREFOR

(57)Abstract:

PROBLEM TO BE SOLVED: To provide a display control device  
permitting realization of a functional display device which is easy to  
watch and classifies the display according to purposes.

SOLUTION: When video signals inputted from a plurality of picture signal  
sources 1a, 2a connected with a network are displayed on the screen of  
a picture display part 36 of a picture display device 30, display area  
setting information concerning a virtual display area on the screen is  
stored in a display area setting storage part 47 beforehand, and a  
memory control part 33 performs picture transformation for arranging the  
video signals in the virtual display area according to this stored display  
area setting information.
